

MILITARY HEALTH SYSTEM MHS GENESIS

Information for Fort Bragg Military Communities

COMING TO FORT BRAGG MARCH 19, 2022

MHS GENESIS is the new electronic health record for the Military Health System (MHS). It integrates inpatient and outpatient electronic health records across the continuum of care from the point of injury to the military treatment facility. MHS GENESIS is integral in the provision and coordination of safe, quality care. Fort Bragg Military Treatment Facilities will transition to MHS GENESIS on March 19, 2022.

How does this affect your access to health care?

As we transition to the new system, our providers and staff will need time to adjust to the new work flows, procedures, and processes. During this time, you can expect to experience:

- Longer appointment times
- Reduced appointment availability
- Increased pharmacy wait times
- Increased wait times for lab and radiology results

How will MHS GENESIS improve your overall experience?

MHS GENESIS allows you to securely access your electronic health records 24/7 and exchange messages with your military health care team when and where it's convenient for your schedule.

It provides more efficient management of chronic, complex, and time-sensitive health conditions; provides automated, real-time clinical decision support for healthcare teams; and increases patient engagement capabilities that allow patients to communicate directly with providers.

3 Steps to Prepare:

- Make routine appointments early
- Verify information in DEERS
- Get a premium DS Logon

How do I access the MHS GENESIS Patient Portal?

To access the MHS GENESIS Patient Portal, visit <https://my.mhsgenesis.health.mil> or scan the QR code. If you do not have a common access card (CAC) or MyPay account, you will need to create a free DS Logon to access the Patient Portal. Follow the link to set up an account and once created, select "Upgrade to Premium Account" to view your health records. NOTE: Full Patient Portal access won't be available until March 19, 2022.

What can I do within the MHS GENESIS Patient Portal?

- Manage primary care medical and dental appointments
- Review clinical notes, referrals, and lab and test results
- Request prescription renewals
- Exchange secure messages with your healthcare team
- Monitor health information and view your portal profile
- Complete a pre-visit, dental health history questionnaire online
- Look up high-quality, provider-approved health information related to health issues, lab results, and medications

Where can I get help?

For support relating to MHS GENESIS, please contact the Global Support Center (GSC) at 1-800-600-9332.

MILITARY HEALTH SYSTEM MHS GENESIS

Information for Fort Bragg Military Communities

Patient Portal DS Logon

To register for and access the MHS GENESIS Patient Portal, visit
<https://patientportal.mhsgenesis.health.mil>

- If you do not have a common access card (CAC) or a MyPay account, you will need to create a DS Logon account to access the MHS GENESIS Patient Portal.
- To ensure MHS GENESIS can confirm your identity and provide the highest level of cyber security and safeguards of your health information, you will be required to complete a brief verification process. You will be provided 3 minutes to complete a 4-question quiz to verify your identity. Responses may include providing your DoD ID number (found on your military ID Card), and some personal information including financial questions, past addresses, etc.
- You will create your MHS GENESIS Patient Portal password in the online registration process. A new password will need to be created every **180 days**.
- Once you have successfully created your DS Logon, click on **“Upgrade To Premium Account”** to upgrade your account to Premium Access to view your health information.
- For help on how to sign up for the MHS GENESIS Patient Portal please call **800-600-9332**.
